HALF OF WINDOW GLASS FACTORY IS DESTROYED

Belle Vernon Plant Suffers $50,000 Loss by Fire

SHEET IRON SAVES TANK

Partition Between Departments Protects Part of the Plant

Practically half of Factory No. 4 of the American Window Glass company at Belle Vernon was destroyed by a fierce fire which raged this morning early . A loss is sustained of between $50,000 and $60,000. The part of the plant destroyed is the same that was burned some years ago. No. 2 tank building, two flattening houses a bath room and two cutting rooms, besides a large quantity of valuable machinery were burned

The fire was discovered some time after midnight in No. 11 flattening oven department. It spread rapidly. A fire alarm was given and the Belle Vernon re company appeared. Much trouble was experienced in making hose connections and the fire gained great headway.

Calls for aid were sent to Monessen and Charleroi. With 15 men Chief Fleming went from here taking the chemical wagon. The fire had started in a difficult place near the lear of No. 2 tank and with only the supply of water which could be had from the two plugs in the vicinity it was nearly impossible to do effective work. By the time the Charleroi and the Monessen fire companies arrived the Belle Vernon company had the fire well under hand and by 2 o'clock it was entirely under control. The local company returned home at 3:15.

The factory is all under the one roof. There are two tanks, No. 1 and No. 2. No. 1 tank was separated from No. 2 by a sheet iron partition and it was largely this which saved the entire factory from burning.

Five hundred men will be thrown out of work temporarily by the fire. The plant was started Friday afternoon at about 3 o'clock after a suspension with the prospects of a long and steady run ahead. T. C. McKinley is the superintendent. It is supposed the plant will be rebuilt It is said about $40,000 of the loss is covered by insurance.

HEALTH OFFICER APPOINTED FOR ROSTRAVER WORK

J. B. White of the firm of White and Dugan, real estate agents of Monessen has been appointed to the position of health officer for Rostraver township. His commission has arrived and he has begun the work. The position became vacant by reason of the resignation of A. L. Arner, who purchased a half interest in the Friday Evening Call and will hereafter be engaged in the work of the publication. Mr. White's appointment by Dr. Samuel G. Dixon, Commissioner of Health, is sufficient guaranty to the people of Rostraver townshiip that the duties of that office will be handled in an efficient manner. Mr. White has the essential requisite of being considerate of others, a quality ever helpful in getting through a difficult situation

New Station To be Built

Site Purchased by Pennsylvania Railroad for New Structure at Elrama

To be used as a passenger station site for both Elrama and Floreffe, not far from Monongahela, the Pennsylvania Railroad has purchased, it is said 16 lots at Elrama. The lots have a frontage of about 370 feet on the right of way being about 90 feet deep at one end and 40 feet deep at the other. Ther has been a substantial increase of business making a new station practically a necessity.

QUESTION OF ROADS

Fallowfield Township Man Says Highways Need Repairs

HOW THE FARMERS FEEL

To the Editor of the Charleroi Mail:

Sir—Every merchant in Charleroi has read your editorial in the issue of November 1, and cast it aside without ever setting on foot a project to bring trade to the community. Most business men here are more interested in trade relations with Canada than they are with Bentleyville, Ellsworth, Marianna, in fact with the farmers of Fallowfield township Unless better facilities are provided for the people who do their trading in Charleroi, there is danger of it being diverted to Bentleyville or Monongahela, or pass through towns into Monessen. When Governor John K Tener addressed the civic body at a banquet previous to going to Harrisburg, he pointed out the necessity of branching out to the country districts for business in the way of trolly line extension. R. H. Rush, Kerfoot Daly, J. J. Hott, Geo. S. Might and other business men and members of council pledged the good offices of Charleroi that it would connect the borough with Fallowfield township, with a passable road at least. Here is a verbal statement by E. H. Krahmer made a few days ago: "In going to and returning from Waynesburg, Greene county, the worst road I passed over was the half mile between the end of the brick pavement on Lincoln avenue and the beginning of the brick pavement on the Fallowfield township road.

"That road is a disgrace to the borough of Charleroi."

While it is true that considerable money is spent in putting repair on it, yet the immense travel keeps it in ruts and holes. In the absence of a street railway let us have a brick road. If not considerable traffic will go to Monongahela or Bentleyville.

FUSIONISTS PREPARE FOR RALLY TONIGHT

Robert K. Aiken, of New Castle to do the Chief Orating--Claims of Victory Being Made for Some of Ticket

Argument will be presented from the fusion side of the county political struggle in Charleroi tonight when able orators will talk to their heart's content to persuade voters that the best way to get the best results at the coming election is to vote the straight Democratic-Keystone ticket. The meeting here will be held on the corner of Followfield avenue and Fifth street where a stand was erected this morning. Robert K. Aiken of New Castle will be the chief orator and his assistant spellbinders will be State Senator J. Carter Judson, Rufus S. Marriner and T. B. H. Brownlee of Washington.

It is expected that all the county candidates on the fusion ticket will be here. They are claiming that Joseph B. Martin of California has a chance against Dr. A. V. Lewis for prothonotary and many claim he will finish under the line a lap or more ahead of the down-river man. At any rate Martin is doing some hustling.

There are two river candidates who are working hard. They are A. P. Barnum of Allenport and C. K. Chalfant of Speers. Barnum is out for election for county commissioner and Chalfant for clerk of courts. Fusion leaders pick both as winners but Barnum is selected as the safest bet. Opponents of such men as Bert Lutton for sheriff and "Dick" Miller for district attorney however good candidates they may be or how well fitted for the offices are conceded to have small show

It is expected that a big audience will hear the expounders of Democratic-Keystone doctrines this evening

Reception By Members

Return of Rev. F. A. Richards as Local Pastor is Celebrated

A joint reception to the pastor, Rev. F. A. Richards and his family and to new members of the church received during the past year, was held at the Methodist Episcopal church Friday night. Rev. Richards was recently returned form the Pittsburg conference to the local charge and he was extended a hearty welcome back.

With W. D. Polock, as master of ceremonies, a program was rendered. Special musical features were a cornet duet by Peter Beteman and Leopold Boffard, and anthem by the choir. Rev. Hand, formerly a pastor in New York state, who is spending some time in Charleroi, was called upon and made an address and Rev. Richards followed. He spoke something of the evangelistic meetings which will begin next week. H. J. Booth, a member of the official board made a brief address.

Year books were issued for the conference year from September 1, 1910 to October 1, 1911 and were distributed to the different members. This booklet shows the condition of the church, where the money came from and how it was spent. A social session was held and refreshments were served.

CHARLEROI MAN WRITES LIBRETTO FOR A CANTATA

Rev. C. E. Frontz and Dr. J. M. Blose Prepare Composition

Word has been received by Rev. C. E. Frontz of Christ Lutheran Church that the cantata "Immanuel" in which he is personally interested so much is in the hands of the publishers, and it is hoped will be ready for the public by the first of December. About seven years ago Rev. Frontz composed and dramatized what was then known as "The Christmas Story." It came to the notice of Prof. Johnann M. Blose, Mus. Doc. f Washington, Pa., and being so much pleased with the ingenuity and uniqueness of the production, suggested a revision of it and its setting to a good grade of music. Accordingly the libretto is by Rev. Frontz and the music is composed by Dr. Blose. This work is in the hands of the Theodore Presser company, Philadelphia, one of the leading music publishers of this country. "Immanuel" has great possibilities. It is of the oratorio style, and for best results would require a large chorus with solos, duets and quartets It is also arranged that it may dramatized giving it the grand opera production It is especially fitting for the Christmas season, as it gives the complete story of the birth of Christ and the events incident thereto Dr. Blose expects to produce it in Washington this coming season.

SPELLBINDERS HOLD BIG MEETING AT CLAYSVILLE

Election May Be Contested

Col. Crago May Have to Fight to Retain His Seat in Congress

Colonel Tom Crago of Waynesburg, may have to fight to retain his seat in Congress. J. H. Wise, Democrat, has filed with the Sergeant-at-Arms of the House of Representatives in Washington, D. C., a petition and notice of contest for the seat of Representative Thomas S. Crago, Republican, from the Twenty-third Pennsylvania District.

Mr. Wise alleges that Colonel Crago's election was brought about by intimidation and corruption. A copy of the petition has been filed with Colonel Crago at his home in Waynesburg. Mr. Wise was badly beaten in the contest for election.

SEEKS A DIVORCE

California Man Asks Separation from His Wife

ECHO OF LATE TROUBLE

Edgar B Furnier of California has filed a libel in divorce from his wife, Emma Furnier and at the same time filed answer to the libel in dixorce that she filed some time since against him These divorce suits are sequels to a damage suit disposed of at the May term of common pleas court in which Mr. Furnier secured damages from W. E. Jackman, a prominent resident of East Pike Run township, for the alienation of the affections of Mrs. Furnier. All the parties concerned are well known residents of that section and their troubles have been before the public for some time.

In his divorce suit against his wife Mr. Furnier charges her with desertion. He and Mrs. Furnier were married on May 29, 1899, at Cumberland, Md., and it is presumed that the match was a ruaway one. They lived together until within the past three years and since that time Mrs. Furnier has been at the home of W. E. Jackman, the defendant in the damage suit In his answer Mr. Furnier denies the allegations that he offered such indignities to his wife that she was compelled to withdraw from his home. On the other hand he avers she was guilty of indulgence in unlawful acts such as have embittered his life.

In the suit disposed of last May, Mr. Furnier sought $20,000 damages from Jackson, who is not married and who is wealthy. Mrs. Furnier had been and is living at the Jackman home and Mr. Jackman claimed she was simply there as a housekeeper. Mr. Furnier charged his wife with infidelity and he claimed that Mr. Jackman had enticed her from his home and from her affections as his, Mr. Furnier's wife.

Governor Tener Discusses State Plan for Roads

BIGELO GIVES TALK

Enthusiastic Reception Tendered Republican Campaign Party

Claysville has the distinction of having had the most distinguished speakers at a political rally held there last night of any place in the county. In the roster were Governor John K. Tener and State Highway Commissioner E. M. Bigelow, both of whom made addresses largely dealing with good roads, which is distinctly a Republican policy in both the county and State. Mr. Bigelow created great enthusiasm by stating that contracts would be let for the improvement of the National Pike before January 1, 1912.

Governor Tener, who has been about Pittsburg all the week and will come to Charleroi to vote next Tuesday, joined the spellbinders at Washington. A tour was made to Claysville, which is considered to be in the enemy's stronghold. In the party in addition to Governor Tener were Geo E. Tener of Sewickley, State Highway Commissioner Bigelow, Walter Gaither, the Governor's secretary, former Congressman J. W. Ray of Waynesburg, as well as the most of the candidates and the Republican party was received by a band, and given a most enthusiastic ovation.

Speeches were made by Highway Commissioner Bigelow, Hon. J. W. Ray, Coroner J T. Heffran and others before Governor Tener was introduced When the latter arose, he was given a most enthusiastic reception. Among other things the Governor said:

"You will remember that three years ago a road bill was introduced in the Legislature to build a road across the state from end to end, east to west. This bill failed and then you know another was introduced at the last session of the Legislature. Now with the new bill this road which was included in the first will be taken up and made a part of the new plan. We promised the voters to put this bill through and we have done so and I promised that if elected I would use

FIRE LOSSES.

The destruction by fire of a portion of the Belle Vernon Window Glass factory this morning not only entails a big pecuniary loss which will have to be made good by retrenchment and the application of capital that might have been employed to widen local developments had it not been totally destroyed, but a large number of working people will be thrown out of employment for a considerable length of time, whose wages will be lost to the productive forces of the community. This fire has interposed a check on production and entailed a loss that can only be recouped by a fresh start. What has happened to Belle Vernon happened to Charleroi this season when the tipple of the Charleroi Coal works was burned, and as the coal trade was badly demoralized and slow the tipple has not been rebuilt.

It may not be generally known by the public at large that the fire losses in the United States entails the greatest economic losses that falls upon the country The waste from this source is terrific. It amounts to untold millions of dollars a year, all of which is a total loss of efforts and resources, and has to be recouped at the expense of trade and industry. In every community is to be found instances where individuals and business firms have been wiped out financially by fire the aggregate of which is a tremendous loss About the only remedy for this great national waste is to build with fireproof material, but this will probably not be generally adopted until all the cheap combustible building material is exhausted. That has been the history of older nations, and it will probably be the same in this country.

FOOD FOR THOUGHT.

While the arraignment of a portion of Charleroi's thoroughfares by Hon. Edward Callaghan in a communication published elsewhere in this issue is in a measure merited, steps have been taken for the improvement of this portion of practically impassable street It is true, as Mr. Callaghan says, that several of Charleroi's prominent business men stood sponsor for the eary improvement of this road, and they have made good so far as they are able. The road in question is included in the State Highway plan and through the efforts of these business men the highway is marked for the earliest possible improvement of

which the State Department is capabale.

What Mr. Callaghan says about Chareroi busines people paying more attention to trade with Canada than with Bentleyville, Ellsworth and even Fallowfield township, should command thoughtful attention. During the summer we heard much about the reciprocity treaty with Canada and people discussed the project relative to the benefits it might bestow upon this country, but there was never anywhere near the same interest manifested in promoting local trade with nearby outside points. Yet this is infinitely more important to the people of Charleroi and the surrounding country than reciprocity can be for the same community.

It should be remembered that this government is composed of units, and that the proper application of these units along a single line of correct economic action is what makes national prosperity. It is just as essential for Charleroi to have free and unrestrained trade with outside adjoining territory, as for the United States to have the same relations with Canada. While reciprocity with Canada is an important national issue, reciprocity with Fallowfield, Allen and Carroll township is of equal import to Charleroi. Mr. Callaghan's suggestion supplies an issue for the Charleroi Business Men's Associations to think over.

PICKED UP IN PASSING

"It is somewhat amusing to note the various charges that are freely made from time to time concerning the integrity of public officials and the alleged rottenness of government, State and municipal," remarked a Charleroi citizen this morning. "This is particularly the case in a political campaign, or when some individual gets a grievance against the community or its officials I hear from Pittsburg traveling men that the contest in the primary campaign between the Oliver and Magee factions was so bitter and each made so many charges against the other, that now the winning faction fears that people will believe enough of the charges to vote for the opposite party. Consequently both factions, which were after each other's scalp before the primary, are working hand in glove against the common enemy.

"I read in the Mail last night in a communication that the police arrested a man for gambling and let hif go without inflicting a penalty. I was interested enough in that statement to investigate and learn the true facts of the case. It seems that the man who is a local merchant doing business regularly in the town fell a victim to one of the candy drawing schemes, which confectioners have been working off on merchants. It was a lottery pure and simple and the police were notified that gambling was being conducted in this man's store. They arrested the man who pleaded guilty to conducting the drawing scheme but said he was unaware that it was classed as gambling and declared his intention of abolishing it, because he said he wanted to observe the law, whereupon he was released.

"It is also the same with charges for gambling and other misdemeanors. There are numerous places that are suspected in town, but they cannot be prosecuted without evidence. Only the other night I was informed, the attention of one of the police was called by an individual to a pool room who declared gambling was going on there.. The policeman looked in but only saw pool playing in progress, and went on. The same individual complained to the chief of police and said he could produce the necessary evidence that gambling was conducted in the pool room.

"'Come to the police station tomorrow at 4 o'clock with your evidence and I'll make the arrests,' said the chief The informant failed to appear.

"I know another instance where a citizen was dead sure a disorderly house was being conducted and suspicion pointed strongly in that direction. The citizen was somewhat perturbed because the police did not pull the house, and made an effort to get evidence. The house was watched closely at different nights and while suspicions were still strong, no definite evidence could be secured and the attempt was abandoned."

Warren Hill, son of Mr. and Mrs. John Hill of near Beallsville is suffering from scarlet fever at his home. It is now feared that the disease may break out anew at Beallsville. The fever had been checked and the schools had reopened. The Hufford child took sick while at school.

Beallsville is to have a drug store in the near future, it is reported this week. The town has been without such a store since William Robison was in business here, many year ago.

On Tursday evening in the Beallsville Presbyterian church a meeting of the Keystone-Democrats was held, which was fairly well attended.

Capt and Mrs. J. C. French of Frenchtown, N. J., who have been house guests of Dr. and Mrs. A. N. Boothe of Bentleyville for some time expect to leave for home the last of the week.

John N. Anderson and wife have returned to their home at Charleroi, after spending some time at this place, visiting at the home of their granddaughter, Mrs. Halbert E. Dawson of Maiden street.

The game laws which affect these "parts" came in on Wednesday and from early dawn until the close of day the crack of the gun could be heard Rabbits and squirrels are reported plentiful this year.

Wednesday evening after the regular meeting of the Junior Epworth League prayer meeting was held.

The bazar to be held by the Ladies Aid of the Beallsville M. E. church will be held November 25. The bazar to be held by the Aid society of the Presbyterian church will likely be held early in December.

Mrs. Caroline Hill of this place, has returned home after spending some time in Deemston borough, visiting at the homes of her cousins, William and Esther Michiner.

Hallowe'en was duly observed, Tuesday evening and the ire of many of our citizens was somewhat stirred on Wednesday morning when they discovered their wagons, buggies and carts neatly deposited in the center of town.

Among the Theatres

THE PALACE—CHARLEROI

One of the greatest attractions of the season at the Palace Theatre for a long time was the world's series of baseball games between the Giants and the Athletics On account of the intense baseball interest in the valley people came from far and near to see this famous film, which showed the crucial points of the games, as well as the living personality of the greatest ball players of the age Interest centered in the Athletics, as the Giants have been frequently seen in the National games at Pittsburg. There were other striking features during the week. One of these was the tradition of Lady Godiva making her famous ride through Coventry clothed "in only her modesty and her hair." The Pathe Weekly Bulletin gave some new Paris styles, which were appreciated by the ladies, as well as a life motion epitome of the leading events of the world, including some military operations at Tripoli, in the war between Italy and Turkey Miss Helen Atwill had an unusually fine repertoire of songs, both classic and illustrated, which were rendered in her usually cultured and charming manner

THE STAR—CHARLEROI.

A striking feature at the Star Theatre this week was "The Mask of the Red Death," by Edgar Allen A. Poe. This was an unusually interesting film, showing as it did a living exemplification of the supernatural ideas of this famous writer. Other strong films were "Red Star's Honor," an interesting Indian drama, "A Quarter After Two," a strong imp drama and "The Horse Troop of Culver." In addition to daily matinee from 2 to 4:30 o'clock manager Tom Cowan gives a Saturday matinee from 1 to 4:30. This gives the children and busy people an opportunity to attend the Star attractions, which are changed daily.

THE GRAND—PITTSBURG.

The deferred engagement of "Bud" Fisher, the newspaper caricaturist, in the vaudeville show at the Grand Opera House, begins next Monday afternoon and continues throughout the week. This will be the first opportunity that Pittsburgers have had of seeing the inimitable maker of "Mutt and Jeff" newspaper comics.

Musical Pittsburg and the public in general is much interested in the prospective engagement next week of the Colonial Septet, the B. A. Rolfe production. Seven expert musicians and actors, arrayed in the picturesque costumes of colonial days, present "Ye Old Time Halowe'en," an accurate depiction of the pleasant and quaint rites on the eve preceeding All Saints' day.

John C. Rice and Sally Cohen than whom there are no more gifted and versatile players, will present Herbert Hall Winslow's merry skit of domestic life entitled "A Bachelor's Wife." Bowers, Walters and Crookshanks, in their knock-about, rough-and-tumble specialties, are the last words in obvious comedy. That petite and versatile comedienne, Nelly Nichols, will again sing her way to the hearts of local theater-goers. Arthur Pickens and company will play a merry muddle entitled "Freddie" Mr. Pickens' aids are Bertha Carlisle and Ethel Drew, two pretty girls, who know how to sing and dance.

LaToy brothers promise something new in the way of physical comedy. A number of other acts will supplement those enumerated and there will be, as usual at the Grand, a motion-picture exhibition of the best class.

KEEP THE KIDNEYS WELL

Health is Worth Saving, and Some Charleroi People Know How to Save it

Many Charleroi people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health—the slightest delay is dangerous. Use Doan's Kidney Pills—a remedy that has cured thousands of kidney sufferers. Here is a Charleroi citizen's recommendation.

Henry Debay, 526 Washington Avenue, Charleroi, Pa., says: "My kidneys were sluggish and caused my back to become very lame. I did not sleep well and I was annoyed by a distressing kidney weakness. Finally I was led to use Doan's Kidney Pills and it was not long before I improved. Another member of my family has taken this preparation and has been greatly benefited. Doan's Kidney Pills are certainly a good kidney remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

LUTHERANS TO LEAVE LEAGUE

Champions Decided Not to be Members of Church Athletic Organization

At a meeting this week in the office of Stech and Wertz the Champion Lutheran team of the Charleroi Church League decided to disband and not to enter a team in the Church League next season. The balance in the club's treasury, including the $10 forfeit money, was voted to the Lutheran church, also a photograph of the team was presented to be hung in the Sunday school room and another photograph forwarded to A. G. Spalding and company.

During their three years in the Charleroi Church League, the Lutherans had the highest average standing of any team winning a total of 26 games and losing only 12. No game was ever forfeited by the Lutheran team during three seasons' play and they always put up that aggressive, lively article of baseball which draws the people.

This was clearly demonstrated during the season just past, when in their 14 League games the Lutherans out-drew in attendance any other church team by a wide margin, notwithstanding the fact that the Lutheran church congregation is one of the smallest in town.

The secret of the Lutheran success lay in team work and the personal interest every player took in the welfare of the team. Five players played in every one of the 14 games, Joe Mason, Capt. Wertz, Ralph Miller, Neal Motts, and Sharkey, while five more played in at least 10 games, Chevy Mason, Eddie Butz, Wahoo-Bill Fleming, Joe Stech and Tony Demarco.

The Lutheran Champs with 13 victories and only one defeat during the past season, out-classed the other seven teams as much as Connie Mack's Athletics out-classed New York and that is saying a great deal. The Lutheran boys have good reason to be proud of their record and to feel that in years to come the Lutheran Church League Champions will be looked upon here as one of the fastest, cleanest-cut and most successful amateur nines ever organized in this district.

SPELLBINDERS HOLD MEETING

(Continued from first page.)

my influence to put the bill through and with the Legislature we have placed it upon its way. This bill will connect up all the county seat towns in the State and we mean to eventually build all of the roads in the State. We do not care how many roads are added to this bill, the more the better We now have $50,000,000 on the way for good roads.

"There should be no debt in the creation of a debt and if it is left for me after the voters have voted upon it the bonds will be only isued as the money is needed to build our roads. They will be held in the treasury of the state and only sold at such times as the money is needed, instead of selling all of them at once.

"You ask where does the money come from that will build these roads? I would say that not one cent of this money will come from the farmer. Not any of this revenue will come from a tax on land or any individual unless he has money at interest, mortgages or bonds and then in this case he would be more able than the poor man to aid in the building of these roads When this money is voted the tax will not be increased and the bulk of it will come from the great corporations of the cities of Pittsburg and Philadelphia and as these cities have already made their good roads the bulk of the money will come to the rural districts of the State at large

"I have come home to vote for every man on the Republican ticket. Why not vote for them and Commissioners Berry and Hill? Can we not trust them? There are no better commissioners in the State than these two men. Experience is a good teacher. We note in the passing of time how some certain people leave their party when there are not enough places to go around and work old jobs or other people I thank you gratefullly for the opportunity of seeing you here tonight and the chances to see you all face to face again."

HALF OF WINDOW GLASS FACTORY IS DESTROYED

Belle Vernon Plant Suffers $50,000 Loss by Fire

SHEET IRON SAVES TANK

Partition Between Departments Protects Part of the Plant

Practically half of Factory No 4 of the American Window Glass company at Belle Vernon was destroyed by a fierce fire which raged this morning early. A loss is sustained of between $50,000 and $60,000. The part of the plant destroyed is the same that was burned some years ago. No. 2 tank building, two flattening houses a bath room and two cutting rooms, besides a large quantity of valuable machinery were burned

The fire was discovered some time after midnight in No. 11 flattening oven department. It spread rapidly A fire alarm was given and the Belle Vernon re company appeared Much trouble was experienced in making hose connections and the fire gained great headway.

Calls for aid were sent to Monessen and Charleroi With 15 men Chief Fleming went from here taking the chemical wagon. The fire had started in a difficult place near the lear of No. 2 tank and with only the supply of water which could be had from the two plugs in the vicinity it was nearly impossible to do effective work By the time the Charleroi and the Monessen fire companies arrived the Belle Vernon company had the fire well under hand and by 2 o'clock it was entirely under control The local company returned home at 3:15.

The factory is all under the one roof. There are two tanks, No. 1 and No. 2. No. 1 tank was separated from No. 2 by a sheet iron partition and it was largely this which saved the entire factory from burning.

Five hundred men will be thrown out of work temporarily by the fire. The plant was started Friday afternoon at about 3 o'clock after a suspension with the prospects of a long and steady run ahead. T. C. McKinley is the superintendent. It is supposed the plant will be rebuilt It is said about $40,000 of the loss is covered by insurance.

QUESTION OF ROADS

Fallowfield Township Man Says Highways Need Repairs

HOW THE FARMERS FEEL

To the Editor of the Charleroi Mail.

Sir—Every merchant in Charleroi has read your editorial in the issue of November 1, and cast it aside without ever setting on foot a project to bring trade to the community. Most business men here are more interested in trade relations with Canada than they are with Bentleyville, Ellsworth, Marianna, in fact with the farmers of Fallowfield township Unless better facilities are provided for the people who do their trading in Charleroi, there is danger of it being diverted to Bentleyville or Monongahela, or pass through towns into Monessen. When Governor John K Tener addressed the civic body at a banquet previous to going to Harrisburg, he pointed out the necessity of branching out to the country districts for business in the way of trolly line extension. R. H. Rush, Kerfoot Daly, J. J. Hott, Geo. S. Might and other business men and members of council pledged the good offices of Charleroi that it would connect the borough with Fallowfield township, with a passable road at least. Here is a verbal statement by E. H. Krahmer made a few days ago: "In going to and returning from Waynesburg, Greene county, the worst road I passed over was the half mile between the end of the brick pavement on Lincoln avenue and the beginning of the brick pavement on the Fallowfield township road.

"That road is a disgrace to the borough of Charleroi."

While it is true that considerable money is spent in putting repair on it, yet the immense travel keeps it in ruts and holes. In the absence of a street railway let us have a brick road. If not considerable traffic will go to Monongahela or Bentleyville.

FUSIONISTS PREPARE FOR RALLY TONIGHT

Robert K. Aiken, of New Castle to do the Chief Orating--Claims of Victory Being Made for Some of Ticket

Argument will be presented from the fusion side of the county political struggle in Charleroi tonight when able orators will talk to their heart's content to persuade voters that the best way to get the best results at the coming election is to vote the straight Democratic-Keystone ticket. The meeting here will be held on the corner of Followfield avenue and Fifth street where a stand was erected this morning. Robert K. Aiken of New Castle will be the chief orator and his assistant spellbinders will be State Senator J. Carter Judson, Rufus S. Marriner and T B. H. Brownlee of Washington.

It is expected that all the county candidates on the fusion ticket will be here. They are claiming that Joseph B. Martin of California has a chance against Dr. A. V. Lewis for prothonotary and many claim he will finish under the line a lap or more ahead of the down-river man. At any rate Martin is doing some hustling.

There are two river candidates who are working hard. They are A. P. Barnum of Allenport and C K. Chalfant of Speers Barnum is out for election for county commissioner and Chalfant for clerk of courts. Fusion leaders pick both as winners but Barnum is selected as the safest bet. Opponents of such men as Bert Lutton for sheriff and "Dick" Miller for district attorney however good candidates they may be or how well fitted for the offices are conceded to have small show

It is expected that a big audience will hear the expounders of Democratic-Keystone doctrines this evening

Reception By Members

Return of Rev. F. A. Richards as Local Pastor is Celebrated

A joint reception to the pastor, Rev. F. A. Richards and his family and to new members of the church received during the past year, was held at the Methodist Episcopal church Friday night. Rev. Richards was recently returned form the Pittsburg conference to the local charge and he was extended a hearty welcome back.

With W. D. Polock, as master of ceremonies, a program was rendered. Special musical features were a cornet duet by Peter Beteman and Leopold Boffard, and anthem by the choir. Rev. Hand, formerly a pastor in New York state, who is spending some time in Charleroi, was called upon and made an address and Rev. Richards followed. He spoke something of the evangelistic meetings which will begin next week. H J. Booth, a member of the official board made a brief address.

Year books were issued for the conference year from September 1, 1910 to October 1, 1911 and were distributed to the different members. This booklet shows the condition of the church, where the money came from and how it was spent. A social session was held and refreshments were served.

CHARLEROI MAN WRITES LIBRETTO FOR A CANTATA

Rev. C. E. Frontz and Dr. J. M. Blose Prepare Composition

Word has been received by Rev. C. E. Frontz of Christ Lutheran Church that the cantata "Immanuel" in which he is personally interested so much is in the hands of the publishers, and it is hoped will be ready for the public by the first of December. About seven years ago Rev. Frontz composed and dramatized what was then known as "The Christmas Story." It came to the notice of Prof Johnann M. Blose, Mus. Doc. of Washington, Pa., and being so much pleased with the ingenuity and uniqueness of the production, suggested a revision of it and its setting to a good grade of music. Accordingly the libretto is by Rev Frontz and the music is composed by Dr. Blose This work is in the hands of the Theodore Presser company. Philadelphia, one of the leading music publishers of this country. "Immanuel" has great possibilities. It is of the oratorio style, and for best results would require a large chorus with solos, duets and quartets It is also arranged that it may dramatized giving it the grand opera production It is especially fitting for the Christmas season, as it gives the complete story of the birth of Christ and the events incident thereto Dr. Blose expects to produce it in Washington this coming season.

SPELLBINDERS HOLD BIG MEETING AT CLAYSVILLE

Col. Crago May Have to Fight to Retain His Seat in Congress

Col. Thomas S. Crago of Waynesburg, may have to fight to retain his seat in Congress. J H. Wise, Democrat, has filed with the Sergeant-at-Arms of the House of Representatives in Washington, D. C., a petition and notice of contest for the seat of Representative Thomas S. Crago. Republican, from the Twenty-third Pennsylvania District.

SEEKS A DIVORCE

California Man Asks Separation from His Wife

ECHO OF LATE TROUBLE

Edgar B Furnier of California has filed a libel in divorce from his wife, Emma Furnier and at the same time filed answer to the libel in dixorce that she filed some time since against him These divorce suits are sequels to a damage suit disposed of at the May term of common pleas court in which Mr Furnier secured damages from W E. Jackman, a prominent resident of East Pike Run township, for the alienation of the affections of Mrs. Furnier All the parties concerned are well known residents of that section and their troubles have been before the public for some time.

In his divorce suit against his wife Mr. Furnier charges her with desertion. He and Mrs. Furnier were married on May 29, 1899, at Cumberland, Md., and it is presumed that the match was a ruaway one. They lived together until within the past three years and since that time Mrs. Furnier has been at the home of W. E. Jackman, the defendant in the damage suit In his answer Mr. Furnier denies the allegations that he offered such indignities to his wife that she was compelled to withdraw from his home. On the other hand he avers she was guilty of indulgence in unlawful acts such as have embittered his life.

In the suit disposed of last May, Mr. Furnier sought $20,000 damages from Jackson, who is not married and who is wealthy. Mrs. Furnier had been and is living at the Jackman home and Mr. Jackman claimed she was simply there as a housekeeper. Mr. Furnier charged his wife with infidelity and he claimed that Mr. Jackman had enticed her from his home and from her affections as his, Mr. Furnier's wife.

Governor Tener Discusses State Plan for Roads

BIGELO GIVES TALK

Enthusiastic Reception Tendered Republican Campaign Party

Claysville has the distinction of having had the most distinguished speakers at a political rally held there last night of any place in the county. In the roster were Governor John K. Tener and State Highway Commissioner E. M. Bigelow, both of whom made addresses largely dealing with good roads, which is distinctly a Republican policy in both the county and State. Mr Bigelow created great enthusiasm by stating that contracts would be let for the improvement of the National Pike before January 1, 1912.

Governor Tener, who has been about Pittsburg all the week and will come to Charleroi to vote next Tuesday, joined the spellbinders at Washington A tour was made to Claysville, which is considered to be in the enemy's stronghold. In the party in addition to Governor Tener were Geo E. Tener of Sewickley, State Highway Commissioner Bigelow, Walter Gaither, the Governor's secretary, former Congressman J. W. Ray of Waynesburg, as well as the most of the candidates and the Republican party was received by a band, and given a most enthusiastic ovation.

Speeches were made by Highway Commissioner Bigelow, Hon. J. W. Ray, Coroner J T. Heffran and others before Governor Tener was introduced When the latter arose, he was given a most enthusiastic reception. Among other things the Governor said:

"You will remember that three years ago a road bill was introduced in the Legislature to build a road across the state from end to end, east to west. This bill failed and then you know another was introduced at the last session of the Legislature Now with the new bill this road which was included in the first will be taken up and made a part of the new plan. We promised the voters to put this bill through and we have done so and I promised that if elected I would use

FIRE LOSSES.

The destruction by fire of a portion of the Belle Vernon Window Glass factory this morning not only entails a big pecuniary loss which will have to be made good by retrenchment and the application of capital that might have been employed to widen local developments had it not been totally destroyed, but a large number of working people will be thrown out of employment for a considerable length of time, whose wages will be lost to the productive forces of the community. This fire has interposed a check on production and entailed a loss that can only be recouped by a fresh start. What has happened to Belle Vernon happened to Charleroi this season when the tipple of the Charleroi Coal works was burned, and as the coal trade was badly demoralized and slow the tipple has not been rebuilt.

It may not be generally known by the public at large that the fire losses in the United States entails the greatest economic losses that falls upon the country The waste from this source is terrific. It amounts to untold millions of dollars a year, all of which is a total loss of efforts and resources, and has to be recouped at the expense of trade and industry. In every community is to be found instances where individuals and business firms have been wiped out financially by fire the aggregate of which is a tremendous loss About the only remedy for this great national waste is to build with fireproof material, but this will probably not be generally adopted until all the cheap combustible building material is exhausted. That has been the history of older nations, and it will probably be the same in this country.

FOOD FOR THOUGHT.

While the arraignment of a portion of Charleroi's thoroughfares by Hon. Edward Callaghan in a communication published elsewhere in this issue is in a measure merited, steps have been taken for the improvement of this portion of practically impassable street It is true, as Mr. Callaghan says, that several of Charleroi's prominent business men stood sponsor for the eary improvement of this road, and they have made good so far as they are able. The road in question is included in the State Highway plan and through the efforts of these business men the highway is marked for the earliest possible improvement of which the State Department is capabale.

What Mr. Callaghan says about Charleroi busines people paying more attention to trade with Canada than with Bentleyville. Ellsworth and even Fallowfield township, should command thoughtful attention. During the summer we heard much about the reciprocity treaty with Canada and people discussed the project relative to the benefits it might bestow upon this country, but there was never anywhere near the same interest manifested in promoting local trade with nearby outside points. Yet this is infinitely more important to the people of Charleroi and the surrounding country than reciprocity can be for the same community.

It should be remembered that this government is composed of units, and that the proper application of these units along a single line of correct economic action is what makes national prosperity. It is just as essential for Charleroi to have free and unrestrained trade with outside adjoining territory, as for the United States to have the same relations with Canada. While reciprocity with Canada is an important national issue, reciprocity with Fallowfield, Allen and Carroll township is of equal import to Charleroi. Mr. Callaghan's suggestion supplies an issue for the Charleroi Business Men's Associations to think over.

PICKED UP IN PASSING

"It is somewhat amusing to note the various charges that are freely made from time to time concerning the integrity of public officials and the alleged rottenness of government, State and municipal," remarked a Charleroi citizen this morning. "This is particularly the case in a political campaign, or when some individual gets a grievance against the community or its officials I hear from Pittsburg traveling men that the contest in the primary campaign between the Oliver and Magee factions was so bitter and each made so many charges against the other, that now the winning faction fears that people will believe enough of the charges to vote for the opposite party. Consequently both factions, which were after each other's scalp before the primary, are working hand in glove against the common enemy.

"I read in the Mail last night in a communication that the police arrested a man for gambling and let hif go without inflicting a penalty. I was interested enough in that statement to investigate and learn the true facts of the case. It seems that the man who is a local merchant doing business regularly in the town fell a victim to one of the candy drawing schemes, which confectioners have been working off on merchants. It was a lottery pure and simple and the police were notified that gambling was being conducted in this man's store. They arrested the man who pleaded guilty to conducting the drawing scheme but said he was unaware that it was classed as gambling and declared his intention of abolishing it, because he said he wanted to observe the law, whereupon he was released.

"It is also the same with charges for gambling and other misdemeanors. There are numerous places that are suspected in town, but they cannot be prosecuted without evidence. Only the other night I was informed, the attention of one of the police was called by an individual to a pool room who declared gambling was going on there. The policeman looked in but only saw pool playing in progress, and went on. The same individual complained to the chief of police and said he could produce the necessary evidence that gambling was conducted in the pool room.

"'Come to the police station tomorrow at 4 o'clock with your evidence and I'll make the arrests,' said the chief The informant failed to appear.

"I know another instance where a citizen was dead sure a disorderly house was being conducted and suspicion pointed strongly in that direction. The citizen was somewhat perturbed because the police did not pull the house, and made an effort to get evidence. The house was watched closely at different nights and while suspicions were still strong, no definite evidence could be secured and the attempt was abandoned."

Among the Theatres

THE PALACE—CHARLEROI

One of the greatest attractions of the season at the Palace Theatre for a long time was the world's series of baseball games between the Giants and the Athletics On account of the intense baseball interest in the valley people came from far and near to see this famous film, which showed the crucial points of the games, as well as the living personality of the greatest ball players of the age Interest centered in the Athletics, as the Giants have been frequently seen in the National games at Pittsburg There were other striking features during the week. One of these was the tradition of Lady Godiva making her famous ride through Coventry clothed "in only her modesty and her hair" The Pathe Weekly Bulletin gave some new Paris styles, which were appreciated by the ladies, as well as a life motion epitome of the leading events of the world, including some military operations at Tripoli, in the war between Italy and Turkey Miss Helen Atwill had an unusually fine repertoire of songs, both classic and illustrated, which were rendered in her usually cultured and charming manner

THE STAR—CHARLEROI.

A striking feature at the Star Theatre this week was "The Mask of the Red Death," by Edgar Allen A Poe This was an unusually interesting film, showing as it did a living exemplification of the supernatural ideas of this famous writer. Other strong films were "Red Star's Honor," an interesting Indian drama, "A Quarter After Two," a strong imp drama and "The Horse Troop of Culver" In addition to daily matinee from 2 to 4:30 o'clock manager Tom Cowan gives a Saturday matinee from 1 to 4:30 This gives the children and busy people an opportunity to attend the Star attractions, which are changed daily

THE GRAND—PITTSBURG.

The deferred engagement of "Bud" Fisher, the newspaper caricaturist, in the vaudeville show at the Grand Opera House, begins next Monday afternoon and continues throughout the week This will be the first opportunity that Pittsburgers have had of seeing the inimitable maker of "Mutt and Jeff" newspaper comics

Musical Pittsburg and the public in general is much interested in the prospective engagement next week of the Colonial Septet, the B A Rolfe production. Seven expert musicians and actors, arrayed in the picturesque costumes of colonial days, present "Ye Old Time Halowe'en," an accurate depiction of the pleasant and quaint rites on the eve preceeding All Saints' day.

John C Rice and Sally Cohen than whom there are no more gifted and versatile players, will present Herbert Hall Winslow's merry skit of domestic life entitled "A Bachelor's Wife." Bowers, Walters and Crookshanks, in their knock-about, rough-and-tumble specialties, are the last words in obvious comedy. That petite and versatile comedienne, Nelly Nichols, will again sing her way to the hearts of local theater-goers Arthur Pickens and company will play a merry muddle entitled "Freddie" Mr. Pickens' aids are Bertha Carlisle and Ethel Drew, two pretty girls, who know how to sing and dance

LaToy brothers promise something new in the way of physical comedy. A number of other acts will supplement those enumerated and there will be, as usual at the Grand, a motion-picture exhibition of the best class.

KEEP THE KIDNEYS WELL

Health is Worth Saving, and Some Charleroi People Know How to Save it

Many Charleroi people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health—the slightest delay is dangerous. Use Doan's Kidney Pills—a remedy that has cured thousands of kidney sufferers. Here is a Charleroi citizen's recommendation.

Henry Debay, 526 Washington Avenue, Charleroi, Pa., says: "My kidneys were sluggish and caused my back to become very lame I did not sleep well and I was annoyed by a distressing kidney weakness Finally I was led to use Doan's Kidney Pills and it was not long before I improved. Another member of my family has taken this preparation and has been greatly benefited. Doan's Kidney Pills are certainly a good kidney remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

LUTHERANS TO LEAVE LEAGUE

Champions Decided Not to be Members of Church Athletic Organization

At a meeting this week in the office of Stech and Wertz the Champion Lutheran team of the Charleroi Church League decided to disband and not to enter a team in the Church League next season. The balance in the club's treasury, including the $10 forfeit money, was voted to the Lutheran church, also a photograph of the team was presented to be hung in the Sunday school room and another photograph forwarded to A. G. Spalding and company.

During their three years in the Charleroi Church League, the Lutherans had the highest average standing of any team winning a total of 26 games and losing only 12. No game was ever forfeited by the Lutheran team during three seasons' play and they always put up that aggressive, lively article of baseball which draws the people.

This was clearly demonstrated during the season just past, when in their 14 League games the Lutherans out-drew in attendance any other church team by a wide margin, notwithstanding the fact that the Lutheran church congregation is one of the smallest in town.

The secret of the Lutheran success lay in team work and the personal interest every player took in the welfare of the team. Five players played in every one of the 14 games, Joe Mason, Capt. Wertz, Ralph Miller, Neal Motts, and Sharkey, while five more played in at least 10 games, Chevy Mason, Eddie Butz, Wahoo-Bill Fleming, Joe Stech and Tony Demarco.

The Lutheran Champs with 13 victories and only one defeat during the past season, out-classed the other seven teams as much as Connie Mack's Athletics out-classed New York and that is saying a great deal. The Lutheran boys have good reason to be proud of their record and to feel that in years to come the Lutheran Church League Champions will be looked upon here as one of the fastest, cleanest-cut and most successful amateur nines ever organized in this district.

SPELLBINDERS HOLD MEETING

(Continued from first page.)

my influence to put the bill through and with the Legislature we have placed it upon its way. This bill will connect up all the county seat towns in the State and we mean to eventually build all of the roads in the State. We do not care how many roads are added to this bill, the more the better. We now have $50,000,000 on the way for good roads.

"There should be no debt in the creation of a debt and if it is left for me after the voters have voted upon it the bonds will be only isued as the money is needed to build our roads. They will be held in the treasury of the state and only sold at such times as the money is needed, instead of selling all of them at once.

"You ask where does the money come from that will build these roads? I would say that not one cent of this money will come from the farmer. Not any of this revenue will come from a tax on land or any individual unless he has money at interest, mortgages or bonds and then in this case he would be more able than the poor man to aid in the building of these roads When this money is voted the tax will not be increased and the bulk of it will come from the great corporations of the cities of Pittsburg and Philadelphia and as these cities have already made their good roads the bulk of the money will come to the rural districts of the State at large

"I have come home to vote for every man on the Republican ticket. Why not vote for them and Commissioners Berry and Hill? Can we not trust them? There are no better commissioners in the State than these two men. Experience is a good teacher. We note in the passing of time how some certain people leave their party when there are not enough places to go around and work old jobs or other people I thank you gratefullly for the opportunity of seeing you here tonight and the chances to see you all face to face again."
